# Beauty and the Beast Crew Work Schedule

Things to keep in mind:

- Be sure to wear clothes that can get dirty when you are doing crew work.
- This schedule is our basic plan and may need to be changed if we run into problems or get ahead of schedule.
- Let Mr. Omarzu know if you are going to be absent.
- Please always be careful. Take precautions around tools and electricity and high places.
- **ALWAYS** clean up at the end of the shift.
