

On the Road

On the road Love
On the Road
Much to see Love
such ways to go
With you with me Love
Till we're old
On the Road Love
On the road

You're my song Love
You're my song
Sweet melody Love
all along
blessed be Love
on and on
You're my song Love
You're my song.

You are patient Love
You are Kind
Bear with me Love
till the time
till words are few and far behind

In your eyes Love
In your eyes
No words said Love
no reply
but the heart Love
but the sky
In your eyes Love
In your eyes

Laugh out loud Love
Laugh out loud
As we learn to live Love
like the clouds
Sun on the upside Love
Rain on the down
Laugh out loud Love
Laugh out loud

Hold me close Love
hold me close
heal me strong Love
bring me home
take my hand Love
while the could winds blow
Hold me close Love
Hold me close
