

Second Grade Supply List

Welcome to second grade! Each student will need the following items for the upcoming school year. Please bring these items on the first day of school (or the week before during school hours). Please place the items in a bag with your child's name on it so that they can be checked in. **Please label the items marked with an asterisk with your child's name.** The rest do not need to be labeled, as they will be used by the class as a whole. Please contact me if purchasing these items is a financial burden and I will supply the items for your child. Thank you for your support!
