**Mediumship 101 - History, Exercises, and Messages**

with Joan Carra

Fee: \$40

Joan Carra will trace the history of mediumship to our modern day mediums, who are television personalities and bestselling authors. Students will also learn to access messages, feelings and images from spirit with exercises and techniques that will not only enhance their intuition, but give them confidence to trust their own inner antennae, thus communicating from the dimension beyond the living. Then Joan will give messages from the dead to those attending class.
