Working Empathically With Spirit

with Maria Reluzco

Fee: \$30

As Mediums you provide Spirit one last chance to communicate with their loved ones on Earth. This is a sacred responsibility and you can learn to connect with the “heart and soul” of your spirit communicator to ensure the message you deliver truly reflects the message the Spirit needs to communicate. Come and learn how to blend with Spirit and be their true voice on Earth. There will be time to practice.
