**DEALER**

As an authorized Billy Goat dealer, I agree to participate in the Billy Goat merchandising program (if floor space allows) and stock complete units that are appropriate to the upcoming season. For units purchased and delivered at my store, I agree to thoroughly explain, assemble, inspect and show proper operation at the time of delivery. I also agree to provide after sales service and to stock appropriate parts and accessories to properly support the installed base of product in my area of responsibility. I understand that I am prohibited from delivering any Billy Goat product via web sale without fully adhering to the Billy Goat internet policy (attached). I understand that failure to adhere to these guidelines allows Billy Goat industries to revoke any and all privileges associated with being a Billy Goat dealer.
