# Consent for Structural Integration

I hereby request to receive sessions in *Structural Integration* for myself, or for a child for whom I am the legal guardian.

I understand that the purpose of Structural Integration is to balance and align the physical body so that it is supported by gravity in three-dimensional space. This is done through direct manipulation and education so that greater economy and freedom of body movement are achieved.

I understand that Structural Integration is not involved with the treatment of disease of any kind, nor does it substitute for medical diagnosis or treatment when such attention is needed. The Structural Integrator does not treat, prescribe or diagnose an illness, disease, or any other physical or mental disorder of the person. Nothing said or done by a Structural Integrator should be misconstrued to be such.

I understand it is necessary for the Structural Integrator to touch my body in order to assist me in establishing balance and alignment in the body.

I give Corey Hess, as a Certified Soma™ Practitioner, my permission and consent to do all those things necessary in helping me establish balance and alignment, including, but not limited to touching my body. I give the Structural Integrator full privilege and license to work on my body in such a way as to restore and establish balance and alignment therein.

Furthermore, I understand that any relief of physical or emotional symptoms may or may not occur in conjunction with the organization of the total human being and is not the basic goal of Structural Integration.

I understand that I will be charged for missed sessions with less than **24 hours notice**. \_\_\_\_\_  
(If you are ill, please call or text me with as much notice as possible.) (initials)
