Who We Are

**Open Gov Hub** (OGH) is a dynamic meeting place that brings together people, ideas, and resources to open up governments and empower citizens.

The "Hub" was co-founded in 2012 by Global Integrity and Development Gateway in the heart of **Washington, D.C.** -- now in its third phase of growth at a new location.

As of 2022, 10 years after its founding, the Open Gov Hub has a collaborative network of **60+ organizations** and **200+ people**. Our members range from renowned international NGOs to thriving startups (see our list on the next page). We also have a representative **Member Council** for collective decisions and new initiatives.

How We Work (3C’s)

**Building Community**
We make space to get to know each other and cultivate trust and relationships - **in a world-class coworking space with shared resources**.

**Fostering Collaboration**
We facilitate educational and professional development opportunities - **through frequent events and collaborative programs**.

**Catalyzing Change**
We create open spaces to experiment, innovate, and learn together - **as a resource center about open government & innovation Hubs**.

What We Do

We support a global community that shares three key values of **Open Government**:

- **transparency**
- **accountability**
- **civic participation**

We look for members who do this work with **innovation & collaboration**.

Why We Exist

- We were created to help address two key problems: **scarcity of resources** and **complexity of social problems**. Here's how:
  - **efficiency**: we pool resources to save time and money - **achieving more**
  - **effectiveness**: we constantly convene to learn & work together - **boosting impact**

WORK AT THE HUB

2022 OGH Programmatic Themes:

1. Institutional Integrity
2. People Power
3. Smarter Data

Special Projects & Initiatives:

- Our crowdsourced Guide to Great Events with facilitation ideas and tips.
- Our new Media Lab and Open Gov Stories podcast series.
- Defending Democracy: helping American democracy defenders learning from other countries' democratic experience.

Snapshots of Impact:

- Shared staffing support - we regularly help teams access affordable talent.
- Cost savings - we estimate that, on average, our members save about $14,000 per year through their Hub membership.
- Collaboration Fund - In 2019, we ran our first $10,000 Collaborative Learning Seed Fund, providing funding to help kick-start promising joint projects within our network.
