## TEAM GOD: A BIBLICAL THEOLOGY OF MISSION

DARRYL WILLIAMSON

darrylw@livingbyfaith.usf

### Course Description

This class will develop a theology of partnership between God and humanity. Beginning with the creation narratives and working through the law, the gospel, and the kingdom, the course will establish a redemptive historical profile explaining why partnership with God is the basic reference for understanding the responsibility of God's people in the world. Biblical textual study will be a core discipline of the course.
