

I WAS ENOUGH

Words & Music by Tom Demaree

You knew me then
You knew my sin
You knew the way that I'd do anything to fit in
Yet You knew the day and hour
That I'd give my heart to You
And that was enough for me
'Cause I was enough for You

You knew how blind
That I could be, sometimes
And how Your gentle touch could always make me see
Yes, You knew the ups and downs
Of my obedience to You
And that was enough for me
'Cause I was enough for You

That day in heaven, when Your Father asked You
Would You leave Your throne and become a man, and die?
You knew the beginning, from the end of my life
And still You came
And still You came

And I do believe
That You came for me
That is the greatest love story ever to be
That my Father and You agreed
To trade my old life for new
That was enough for me
'Cause I was enough for You

I can see You Lord
In the manger
Laying helpless was the Son of God, my Savior
And not many years from then
You'd do what You came to do
And that was enough for me
'Cause I was enough for You
