

JOINT BOARD AND COUNCIL MEETING
Tuesday February 7, 2017

SHORT MINUTES

The Board of Directors and Ministry Teams Council met jointly in February. Jean Pierce had given each Team member a Survey beforehand asking for suggestions for improved communication and asking them what they needed from the Board.

Brian Doyle has joined the Board as a Director.

There was a very productive discussion of all Team Leaders' suggestions.

Everyone was reminded that the Annual Day of Service will be on March 18 and Board Members were asked to serve as backups for each activity and to sign up early.

Pat Ward of the Heritage Committee requested funds to buy software to digitize all UUSG historical documents for the 175th anniversary.

“Sharing Respectful Communication” and a description of how to use MOM (Ministry on Ministries) will soon be shared with the congregation.

After adjourning the joint meeting, the Board went into Executive Session to discuss Personnel matters.
