Problems/Concerns

- Health/Safety of users
- VPN
- CIA
- Ease of user use
VPN

- Issue comes up every few years
- Appears to be more targeted at Chinese Nationals
- Cisco ASA Software was very hit and miss
- Testing showed SSH proxy was faster and more reliable
CIA

- Coreboot + Heads makes it easy for a user to verify integrity
- Full disk encryption helps protect confidentiality
- 2fa login/ hardware device makes it all easy.
GPG Smartcard
