

2016 AUTC Annual Report

A new year, and a new face for the Adelaide Uni Touch Club with the launch of our new logo!

Once again O-Week was a huge success for the club, with plenty of people dropping past for a chat and signing up for more information. The crowds can't have gone unnoticed as we completed a three-peat for stall of the year!

In 2015 we entered 6 teams into the winter competitions, and 2016 saw us bolster this to a huge 9 teams, including a team in the mens comp, and a second team in the womens comp – A real success for the club as we continue to push the single sex competitions. We also saw our Waite competition grow as a whole, and also within the club as we registered 5 teams this year, up from 3 in the 15/16 season.

The club continues to build our reputation and results at Uni Games, making it to the Semi Finals but missing out on a medal at Southern University Games. Australian University Games saw us deliver some great team orientated results, earning a few nominations for 'positive team play', and eventually some on field results too, winning each of our last three games.

On the social side, the club enjoyed our staple events including pubcrawls and fundraising quiz nights, as well as the University Blues Awards where some of our members has their efforts recognized!
