

Gospel for Life November 2015

About Gospel for Life: GFL helps Christ followers realize their ministry potential by learning to live as true disciples. There is no greater joy than being used by Christ. In obedience to the Great Commission mandate, Gospel for Life seeks to develop church members and leaders into disciple-makers. ‘Disciples making disciples’ is how we ‘build with Christ’

“As a result of your training, we are even more convinced that our seminary graduates need to be disciplined in order to know how to shepherd others” (German Pastor and Theology Professor).

Discipleship training for foreign Pastors

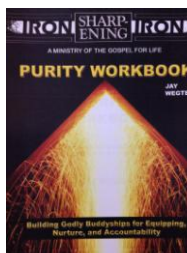

Our goal is to develop Christian leaders who will advance our Lord’s pattern of multiplication through discipleship. Jesus tells us that this is how the church will grow and how the nations will be reached (Mt 28:19-20). *Jay is available for a seminar at your church.*

Gospel for Life also ministers internationally. We assemble pastors from other countries to equip and train them to grow a culture of disciple-making in their churches. Depending upon the needs of their church and region, indigenous and domestic pastors may choose from several tracks in our core curriculum. Each curriculum track is a hands-on course with assignments and student interaction.

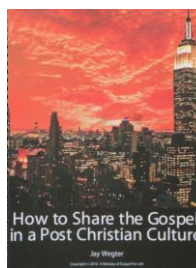

Discipleship training, Delhi, India

Course options listed in order of their recommended sequence for training:

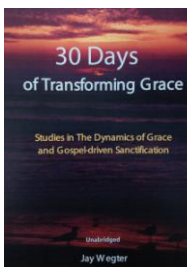

1) Every Man’s Battle, a Purity Fight

This curriculum is ideal for a man’s initial discipleship experience. Entry level discipleship functions best when there is a sexual purity strategy in place that is grounded in God’s Word.

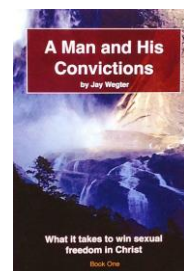

2) Evangelism and Apologetics

Sharing your faith in a post-Christian world is necessary for Christian growth. Learn to handle objections posed by unbelievers while bringing the gospel into a winsome conversation.

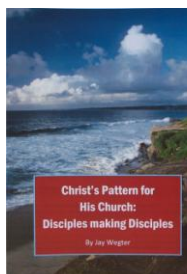

3) How to Grow in Grace

The depth of this curriculum is ideal for pastors and church leaders who want to incorporate the grace of God in soul care. Believers find this course to be a treasure trove of gospel riches.

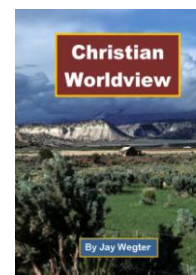

4) Leadership Development

Convictions shape character. Men will learn how God’s truth unleashes transforming power in relationships. The focus centers on the virtues needed for a God-honoring marriage relationship.

5) Disciple-Making is Christ’s Pattern for His Church

It takes a disciple to make a disciple. Discipleship is the Great Commission mandate and Christ’s pattern for His church. Students will learn how to implement mentoring in the local church.

6) Christian Worldview

Biblical worldview is about total reality, not just about religious truth. Students will learn to identify erroneous worldview and to discern God’s blueprint for all of life.

Additional courses available from GFL include: Theology II (man, sin, salvation, the church, and last things), Introduction to Theology for Biblical Counselors, and The Sufficiency of Scripture for Biblical Counseling.

GFL's International Pastors Discipleship Conferences
National pastors enjoy an intense time of training in how to grow a culture of disciple-making in the local church.

Pastor Alex Montoya and Jay handle Q & A at the Undivided Conference, Whittier, CA. Jay spoke on The Sufficiency of Scripture for Christian Apologetics and Worldview.

Pastors and wives interact by participating in Focus Groups

International Pastors learn how and why The Great Commission charge 'to make disciples' must be the priority of every local church.

Discipleship Podcasts, a Resource for Leaders

Church leaders are benefiting from our Podcasts.

Prayer Requests:

The ***Purity Workbook*** has been translated into Spanish and Portuguese. Our final proofing should be completed by January. We value your prayers as we are eager to see this workbook distributed in Argentina and Brazil. Lucas in our photo is doing the final proofing for Brazil.

Gospel for Life is a non-profit corporation. A tax receipt will be issued for all donations.
