February 2013

The LEADER'S GUIDE for the Discipleship Workbook is due to be released this month. The Leader's Guide should be a great help—it casts every major discipleship concept into a series of questions for instruction, discussion, and review.

Jay describes the crying need for this kind of training, "As I speak to church leaders about the subject of the Great Commission, one of the most common responses I hear is, 'We need to do something about discipleship in our church!'" Praise God we are seeing solutions implemented: associate Pastors who are using the workbook are expressing their excitement over the ways that biblical discipleship may be implemented. **GFL**

Students discuss their worldview questions with Jay

"World-proofing Workshop" exposes the most dangerous lies found in our public universities. The Workshop proved to be a highly effective seminar for students, parents, and educators. Over 80 people attended. Responses include:

"I was greatly encouraged by your seminar this past Saturday, and this material will be a great help as I teach 'Biblical Worldview' to seniors. Thank you!" Christian High School Teacher

"This is so valuable and encouraging. We need to hear this all the time because of the barrage of lies we hear in the classroom." College student

Conferees gained much needed discernment as we exposed the 3 major lies which are crushing and taking captive the rising generation.

The three lies are:

- 1.) "To be for equality is to be pro-gay."
- 2.) "Evolution is the only objective 'scientific' worldview."
- 3.) "Tolerance demands moral relativism in the interest of unity and fairness."

A time of intense training at the World-proofing workshop

World-proofing cont.

High school grads think they are spiritually prepared for their secular college experience but most are not. Once in university they find that they are unable to mount a theological defense of biblical worldview. The majority discover too late that their faith is not ready for the daily assault of pagan ideas. In addition, their hunger for validation keeps them from being willing to suffer misunderstanding for the sake of Christ. Whether parent or student, you can take steps to be further equipped—the world-proofing audio link is:

Meet Tim Clement: Rescue Mission Outreach, Ventura County, CA

It's exciting to see how God fashions a man for his unique ministry calling. I've had the privilege of discipling Tim for the last 5 years and I've seen him grow into a highly useful servant of Christ. His newest ministry assignment is that of a house director at the Ventura County Rescue Mission. Tim has a very strategic teaching role of equipping graduates of the Mission's program so that they remain stable contributors of society. The prevention of back-sliding into relapse is a much needed ministry thrust which Tim's teaching and shepherding helps to fulfill.

Meet Tim Clement

Praises

- We're grateful for the traffic to the new Gospel for Life website. We receive frequent feedback that the articles, audio, and video have been a great blessing to many. <http://www.gospelforlife.org>

Prayer Requests

- Please pray for the continued growth in effective discipleship as Jay mentors church leaders from several different congregations.

Our mission at GFL is to help equip individuals and churches to more fully embrace The Great Commission. The training we offer in evangelism and discipleship is ‘hands-on’ equipping through disciple-making. Those being mentored learn how to immediately put to use what they are learning.

Gospel for Life is a non-profit corporation. A tax receipt will be issued for all donations.
