

Third Annual GFL International Pastors' Conference 2016

The size of our conference was ideal for personal time with Pastors

GFL materials played a vital role

Jay illustrated his messages for better understanding

It was exciting to see men comprehending the messages, and then seeking ways to implement disciple-making

Honduran Pastors were grateful for Spanish translation (Mario Aguilar, translator far left)

Shane Haffey teaching on the biblical church model of homegrown shepherds

Dr. James Adams 'energizes' the pastoral panel as they answer questions from the audience
