

Projects have entailed working and collaborating with multi-tiered clients, presenting projects to various community stakeholders and government departments, preparing client fundraising goals, project budget data, internal staffing and programming efforts, developing design strategies and resolutions, managing internal teams, coordinating teams of varied consultants, administering the construction contract along with construction observation and advising on the sustainable efforts for rehabilitation projects.

## **SELECTED PROJECTS**

**13-14 Victorian Inn, Portland OR**

Design and document renovation work on a 7 story, 62-unit, affordable housing structure listed on the National Register of Historic Places.

**06-12 Performing Arts Center, City College of San Francisco, CA**

Design, document and co-manage a complex set of performance and classroom spaces to house the Music and Theater Departments. The PAC consists of three main performance spaces – a 650-seat performance auditorium with fly tower, a 150-seat experimental theater and a 150-seat recital hall. In addition, the PAC has numerous specialized classrooms, practice rooms and technical theater spaces.

**10-12 Multiple Projects, Academy of Art University, San Francisco, CA**

Collaborate in public/private partnership to address complex planning and building code issues for the urban campus. Architectural services include survey, building analysis, documentation and construction observation for a diverse set of classrooms, vocational shops, and galleries. Work also includes new program spaces within the university's demanding enrollment and schedule.

**08-12 Multiple Projects, The Presidio, San Francisco, CA**

Provide architectural services to assist the Presidio Trust in the transition of a former military base to a contemporary public park. Projects include historic rehabilitation, tenant relocation, master planning and LEED documentation.

**01-06 Diegan Hotel-Condominium, San Diego, CA**

Design, document and manage a 22-story, high rise hotel-condominium in downtown San Diego. The program combines 161 rooms/suites, conference/banquet and restaurant facilities with a rooftop pool and bar. Additional scope includes tenant coordination and construction administration for the House of Blues music venue.

**05 744 - 7th Avenue, San Diego, CA**

Develop, design and costing package for a mixed use, market-rate, 14-unit condominium project.

**04-06 Icon Condominiums, San Diego, CA**

Develop conceptual design package, feasibility studies, and entitlements for a 327-unit, market-rate, multi-family housing complex with ground floor retail and underground parking in the vibrant East Village of San Diego.

**00 Computer Classroom/Library, Epiphany School, San Francisco, CA**

Develop schematic documents and code analysis for a 4th story addition onto an existing elementary school.

**00 Library/Classroom Building for Lower Brookside Elementary School, Ross, CA**

Provide design development and construction documents for art, music, library and after-school care classrooms.

**99-00 Multiple Projects, San Francisco, CA**

Provide architectural services to assist various clients in the transition of existing warehouse spaces to dot-com business ventures. Projects included: Interior Alterations and Change in Use for Eline.com / Gamelink.com, Joseph Albers Chocolate Factory, Forderer Cornice Works and RedHat.com.

**99 Radisson Hotel, San Francisco, CA**

Design and document exterior alterations including balcony railing redesign and pool alterations to a mid-century modern hotel. Work included assisting the project in re-flagging efforts.

**97-99 St Paul's School and Church, San Francisco, CA**

Design, document and provide construction administration services for a 3-story elementary classroom building and gymnasium. Seismic retrofit to an early nineteenth century Church after the Loma Prieta Earthquake. Project included alterations to the basement for parish and community-based activities.

**94-96 Multiple Projects, San Francisco/Bay Area, CA**

Design, coordinate and construction observation on various classroom renovations and buildings, site work for modular and portable buildings and renovation on a parish rectory.
