Application Process. A complete application will include the following information:

1. Cover letter expressing interest in this position and explaining why the candidate believes his/her qualifications and career path aligns with this position.
2. Current resume (with complete contact information).
3. Statement of educational philosophy, leadership approach, and personal value system.
4. List of at least five references with the nature of the relationship and current contact information. References should be relevant to your present position and most recent previous position.

The initial first-round interviews may be a combination of in-person or phone conversations. Candidates will be assigned a point person on the Committee as primary contact to facilitate the process. The Search Committee will then select a small group of candidates for second-round interviews with all committee members. A final round of interviews will then follow on campus with the exact timing and process to be determined based on the candidate pool at that time.

Our goal is to be candid and transparent throughout the hiring process. We are also highly sensitive to and respectful of confidentiality.
