

GREENFIRE

Superintendent Summary

Greenfire Management Services, LLC (GMS), was recently named one of the Southeast Wisconsin's fastest growing firms. We are a Construction Management firm located in Milwaukee, Wisconsin. Founded in 2010, **Greenfire** is a wholly-owned company of the Potawatomi Business Development Corporation, the investment arm of the Forest County Potawatomi Community, and as such, maintains minority contractor status. We offer our employees a competitive benefit package, 401(k).

Greenfire Management Services, LLC is currently recruiting for a Superintendent. The Superintendent is an integral part of the team, responsible to plan, schedule and manage field operations of all assigned projects and supervises subcontractor labor, manages site logistics, coordinates delivery of materials and use of equipment to successfully complete jobs on time, at or under budget, to meet company plans and to meet customer specifications and expectations.

Duties & Responsibilities:

- Studies, reviews and becomes familiar with project scope, all engineering drawings, specifications, site surveys, shop drawings, materials and other conditions on all jobs to ensure the smooth flow of work and on-time completion.
- Is responsible for the overall project quality. Provides photo record of all concealed work to document proper installation.
- Is responsible for the initial set up and delivery of all materials, subcontractors, crew and equipment for jobs and meeting project schedules. And take required corrective action to maintain the schedule.
- Works with the project team to keep the owner informed on project status, work through any plan irregularities, and have the project fulfill the owner's vision.
- Identifies project issues and generates RFIs as early as possible and allow enough response time.
- Verifies all subcontractors have signed subcontracts and proper insurance prior to allowing them on the job site.
- Resolves issues in the field, disputes and interacts with other contractors, subcontractors and trades to coordinate daily job schedules and workflow as necessary.
- Attends subcontractor pre-construction meetings, conducts weekly job site subcontractor coordination meetings and prepares meeting minutes if request by PM.
- Actively addresses and notifies the PM of any detail or quality concerns for proper follow-up with the architect.
- Ensures that all employees on the job sites adhere to established safety regulations, practices, and wear appropriate protective equipment and clothing.
- Responds to safety citations issues by the Safety Director / Safety Inspector. Communicates violations with the Safety Director.
- Performs other duties or tasks as may be assigned by the Director of Operations

GREENFIRE
