Keith Coad, was loved by everyone he met I have know Keith since 1988 & to know him is to love him.... He had a way about him that when he spoke he spoke to you with such strength & respect. He had a smile/laugh that just hugged you. I have so many fawn memories of Keith & his Family. I know Keith is still here with us I see it in his Children & Grandchildren. His love for his wife was like a fairy tale or a dream of what should really be. I wish I was half the man Keith was! God's speed Keith you will be missed so much. Hugs & Love to his Family.

Our families have lost such a special person. And we all have to march onward, as HE would have wanted us all to do. To rub elbows, share stories and laughs, from such a well respected, dedicated and loved person, I feel very lucky and blessed from the opportunity. You will always be remembered....

Keith will be remembered as a man who loved to talk about his family and a man who always had a positive outlook. I was always pleased to hear I'd be working with Keith. One of the best Engineers the railroad had and a genuine class act. My deepest sympathies to his family. He will be missed.
