

Resolution in Support of an RWU “Sustainers” Drive

Whereas, to function effectively and sustainably into the future, RWU needs to be on sound and stable financial footing; and

Whereas, hundreds of RWU members, Solidarity members, and supporters across North America have proven their dedication, participation, and allegiance to RWU and its goals and objectives; and

Whereas, our basic funding mechanism for the first decade of existence was membership dues at just \$50.00 per member per year; and

Whereas, while that funding source was workable for RWU’s first decade, we have outgrown the scope of that level of funding and must look for other funding sources, including - but not limited to - grants, the providing of services, and approaching our long-term members and supporters for additional financial assistance;

Therefore, be it Resolved that RWU will make every effort to conduct a “Sustainer Drive” throughout the course of 2018 and encourage all members and supporters to become sustainers and encourage others to do the same.

Recommended for Adoption by the RWU Steering Committee
