"As a union rep for over 20 years, I understand the value of networking with fellow unionists and supporters across the continent and around the world. The way to learn is from each other. Tying in our convention with Labor Notes is a great idea. I urge all RWU members to attend both, our Convention and the Labor Notes conference."

**Andy Weir, TCRC #240**  
Canadian National Sarnia, ON Canada

"Join us at the RWU convention in Chicago, a great opportunity to meet rails from around the country who do not accept the status quo and are organizing to strengthen our unions in order to more effectively fight for safety, dignity, quality of life on and off the job."

**Mark Burrows, UTU #1433 (retired)**  
Canadian Pacific Chicago, IL

"We build stronger organizations with rank and file involvement in our unions. Working with and learning from railroad workers in other unions builds the solidarity we need to win. I'm going to the RWU convention and bringing a friend because I want to strengthen our unions and create a better workplace."

**Ross Grooters, BLET #778**  
Union Pacific Des Moines, IA

**While you are there, please stay for the Labor Notes Conference April 6-7-8 that begins upon adjournment of the RWU Convention .**

- More than 100 educational workshops to choose from.
- Sessions on organizing, membership mobilization, beating concessions and winning better contracts.
- Meet the union members who are putting the movement back in the labor movement from rail, auto, transport, steel, long-shore, communications, public sector and more.
