Resolution in Support of Rail Union Unity

**Whereas**, railroad workers and their craft unions have too often been divided and separated from each other in bargaining with the carriers; and

**Whereas**, the unity of railroad workers is vital in our efforts to win good contracts, stave off single employee train crews and autonomous trains, and to prevent the rail carriers from whipsawing one craft/union against the other; and

**Whereas**, the Coordinated Bargaining Group (CBG) experience has proven the power of solid rail labor coalitions; and

**Therefore, Be it Resolved** that the Brotherhood of Locomotive Engineers & Trainmen (BLET) strives to build a universal coalition of ALL rail labor unions in the next bargaining round.
