Brian Weldon
Coatings Application and Waterproofing (CAW)
5215 N 2ND Street St, Louis MO

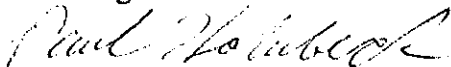

Dear Brian,

As you are completing the fifth and final roof on our complex I felt compelled to personally thank you and your team for all the excellent service you have provided over the years.

The level of quality has been outstanding, I say this not only in relationship to the actual roofs installed but also to the professionalism displayed as the workers performed their daily tasks. Often when there are jobs of this magnitude suppliers tend to get careless regarding our safety and housekeeping polices. This was never the case with your team. This says a lot to the integrity of your employees.

Again I thank you for many jobs well done; it has been a pleasure working with you and your organization.

Best Regards

Paul Holubeck
Project Manager
