RENAISSANCE®
JAMAICA GRANDE RESORT
OCHO RIOS, JAMAICA

To:
James Hiatt
Coatings Application & Waterproofing

James:

This past year has been a challenge for both your team and ours here at the Jamaica Grande. We have weathered many storms and building issues to complete this project. In the end, we did finally and now have a new roof to show for it.

You along with your team have done an outstanding job to supply us with the best roof system in the country. We know that we will have many years of a "water free" building due to the professional installation you did for us.

Again, thanks again for the help and support you have given us here.

Edward Johnson

Director of Engineering
