

MISSOURI

Kansas City Area REGIONAL CHILD HUNGER SUMMIT November 14, 2017

According to the current Map the Meal Gap Report, Missouri ranks 29th among states with the highest instances of child food insecurity. In Missouri, nearly **1 in 5 children faces hunger** and more than **50% of school kids are eligible for a free or reduced price meal.**

OUR CHILDREN DESERVE BETTER.

No Kid Hungry Missouri, in partnership with LINC invite you to the **Kansas City Area Regional Child Hunger Summit**. At this one-day event, you will learn how you can work to **eliminate child hunger in your community by developing scalable and sustainable food service programs**, including school breakfast, afterschool meals, and summer meals. Attendees will learn strategies to maximize participation in USDA reimbursable meals programs to increase food service revenues while surrounding kids with consistent access to nutritious meals.
