OLD BUSINESS

A. Update on changing internet at city hall. Jason gave the update. The wiring has started. Internet is downstairs. Now we need to get routers. Eventually, when we get funding we will have wifi at city hall. Jason will get some accurate dollar figures to get wireless access point for the Council Chambers.

B. Update on city hall information technology upgrades. We need to get server going.

C. Need to get generator removed. County will be taking out generator. We need to bring someone in to see how to safely disconnect it to the phone system in city hall.

D. Parking lot at medical center needs paving. Maybe when the new CBRF is built we can coordinate with them to keep their costs down.

E. Handicap ramp at the curb on Fremont St. This is on the Public Works to do list for this spring.

F. Move the chalkboard in the Council Chamber to the Conference room and install some decorative Algoma pictures in the Council Chambers. The chalkboard has been removed. It is worn and not very useable. Possibly the high school can be enlisted to paint a mural on the wall. They will be contacted to gauge their interest.

NEW BUSINESS
