

How Children Can Live It Out

We want to show that we love God and others. So let's live it out.

Live it out in generosity.

During April, we're asking everyone to bring coins to put in our offering bank. Giving to God is one of the ways we live out our faith.

Use your coin pouch to collect your offering to bring each week. Then bring your offering when you come to church. We have a special funnel bank to collect it.

Some of our offering money will be spent to do kind things for people in our community. We want to show people that God loves them.

And, some of the money will be spent on new carpet for our KidZone. We want the KidZone to be a nice place to invite our friends to come to church.

You can start bringing your coins next weekend, and every weekend this month.

Live it out in service.

There are many different ways that you can live it out by serving God and others.

Later this month, we will be providing a Children's Ministry Menu so you can pray and choose what you will do.

We'll remind you to bring your menu to our Commitment Weekend, April 23/24.
