

ENHANCE YOUR COACHING

Utilizing the exciting science of

mBraining

Life coaching and various forms of psychotherapy are finding common, transforming support by applying the insightful science of mBraining as articulated by Grant Soosalu and Marvin Oka. Careful, deliberate scientific research shows that we all have three brains in our body. In addition to the brain in our heads we also have brains in our hearts and our guts. The research clearly shows that when we live with these three brains in coherent communication with each other, that our living is more satisfying and productive. A variety of masterful techniques have been developed and are referred to as multiple Brain Integration Techniques or mBIT. Now we are offering you an opportunity to become a **certified mBIT coach**. Whatever you are doing with your life, mBIT will enhance your personal satisfaction and effectiveness.

Options Life Coaching Service and Fresh Aire Samaritan Counseling Center are combining resources to make this special and spectacular training available. This is a four-day training workshop to be held in Midland, MI October 3-6, 2016. The full cost of this training is \$1,595.00. However, a special Early Bird rate is available until mid-August. This special price is \$995.00 which will save you nearly 40%! For this investment you will get four full days of first-class training, which will certify you as an mBIT Coach; a copy of Soosalu and Oka's book [mBraining: Using your Multiple Brains to do Cool Stuff](#) and a plethora of useful handouts, many of which you can use with your own clients. Lunch each day is included in the price.

Registration details will be available soon at freshairesamaritan.org. You can learn much, much more about mBraining at mbraining.com.

Your instructor for this wonderful workshop is
