# CITATION LOCAL CHURCH

---

*(Church Name)*

This Church agrees to participate in the largest, most impactful, economic crusade to finance the Gospel of Jesus Christ in the history of Christendom. Some of our people believe they have been called for the purpose of being trained as business entrepreneurs by The Gabriel Call process to become kingdom builders. They have committed themselves to tithe faithfully in a biblical relationship. The participants, along with an economic army of one million Christian business owners, will collectively fund into their local church over 200 billion dollars for evangelism by the year 2025.

It is clearly understood that each business is independently owned and operated and although this Church has no commercial connection nor accepts liability to the participants, it agrees to biblically guide and prayerfully support and encourage their involvement in The Gabriel Call.
