**TWO TOOLS
 IN ONE!**

100% MADE IN AMERICA

RF-120B

U.S. Patent
 #3,851,387

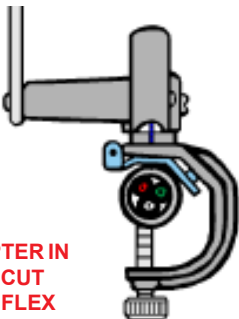

SAVE TIME! CUT LABOR! ENHANCE SAFETY!

A few turns of the crank of this compact tool produces a clean slit through armored casing. Simply untwist to strip! This operation takes only a few seconds. It is absolutely safe and does not damage the wires inside due to the unique built-in depth of cut stop, no need to finagle with an adjustment screw! The **Roto-Flex** spells the end to nicked fingers and cut knees. The open channel construction pioneered by Seatek allows cutting in the middle of a roll. Simplicity at its best!

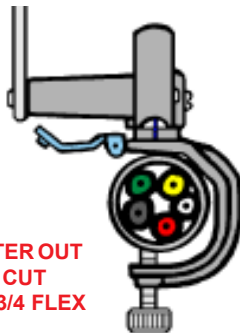

CARRY IT ANYWHERE!

This rugged tool can be carried in your belt pouch or in your hip pocket like a pair of pliers. Always ready when you need it, even on top of a ladder or in hard to reach places.

Unique Swinging Adapter does the Trick!

ADAPTER IN
 TO CUT
 3/8" FLEX

ADAPTER OUT
 TO CUT
 3/8" & 3/4 FLEX

- **RF-120B** accepts cable from 0.375" to 1.125" diameter and cuts MC sized from 14-2 to 2-4 & 3/8" to 3/4" trade size flex.
- Swinging adapter automatically reduces the depth of cut when switching from large to small size cable!
- Simple clamping system - only half a turn of the thumb screw to clamp or release the cable - one part does it all!
- No fuss side loading to cut anywhere along the cable
- Make cuts in tight quarters! Simply ratchet the handle back & forth when you're in a tight spot.
- Self-tightening blade system and ergonomic crank handle with offset for maximum hand clearance
- Blade storage cartridge in knob with storage for 6 blades.
- Handsome die cast epoxy enameled body. Overall a tool oozing with quality and smart engineering

**To Cut Aluminum Flex order a
 B-107 Blade for your Roto-Flex**

Guaranty: The ROTO-FLEX has a lifetime guaranty against defects. Any parts (except the circular cutter) will be repaired or replaced free; you pay only the one way shipping charge.

SATISFACTION GUARANTEED OR YOUR MONEY BACK!

To cut larger diameter cable sizes use our Roto-Flex RF-120
 To square cut flex or liquidtight use SWING-SAW SW-130
