Introducing a Technological Breakthrough! **VEE-TWIN VT-270**

**Precision Cable Stripper
Range 1/4" to 2 1/8" O.D.
(6mm to 54mm)**

Do you have cables that are almost impossible to strip? The **Vee-Twin** Stripper will now easily and precisely strip the jacket off these cables. Often the only option for difficult rubber and plastic jacketed cables is to use a knife. This is not only a time consuming and inaccurate way to remove a cable jackets, it often leads to injuries. This is where the **Vee-Twin** steps in. It is easy to adjust, safe to use, and can fit into difficult to reach locations. Strip in place, even around curved cables!

Specifications

- 5.5" long (140mm) X 2.6" Deep (66mm) X 2.4" Wide (61mm)
- Maximum depth of cut 1/4" (6mm)
- Weight: 11 Ounces (310 grams)
- Accepts rigid fiber optic cables or plastic jacketed cables from 1/4" to 2-1/8" O.D. for ring-cut and straight cut.
- Micrometer dial graduated in .001" or .025mm.
- Order replacement blade Cat. #B-272

- Works great on difficult to strip cables from 1/4" to 2-1/8" O.D.
- The **Vee-Twin** features a blade that can be retracted and rotated 90°, allowing you to switch between ring and straight cutting without removing the tool from the cable!
- Unique vee guide permits the cable to smoothly rotate in any direction, you can even create "windows" in the cable jacket!
- Depth of cut setting accurate to .001" thanks to a precision micrometer. No need to adjust blade depth when switching from ring to straight cut.
- Thanks to a convenient sliding blade support the **Vee-Twin** quickly changes size to strip any size cable up to 2-1/8"
- No more stripping cables with a dangerous open ended knife!
- No other tool on the market can strip as many different cables in such a compact easy to use package
