

THE "HINGENIOUS"™ FISH-TAPE PULLER

Why Struggle? Instead use this hinged cam action tool

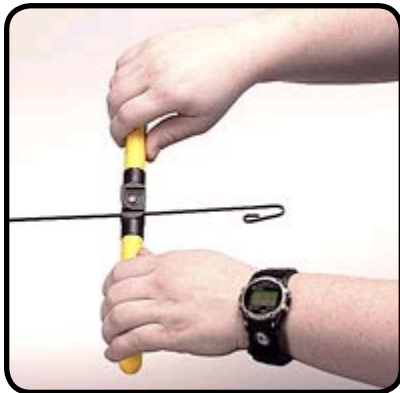

Cat. #FT-210

U.S. Patent #4,746,099

Quickly and securely clamping a fish tape by its cam action hinge, this tool provides two-handed pulling leverage of a fish tape. It also safely holds the tape regardless of the pulling force, prevents kinks in the tape and eliminates using pliers that can slip off the tape causing possible injury to the installer. Made of hardened steel casting, it is 11" long.

"THE MORE YOU PULL THE MORE IT GRABS"

Two-handed action for twice the pulling force!
