

ARTICLE 3. UTILITY FACILITIES, HAZARDOUS

SECTION 1. Removal of Hazard

§ 13.3.1 REMOVAL OF HAZARD

Whenever the Village Building Inspector determines that any utility facility located on public or private land and maintained by a public utility company operating under franchise from the Village, and serving three or more customers, constitutes a hazard to the public, the Inspector shall notify the utility company that it is required to modify, remove, or relocate the facility within sixty (60) days. The utility company may appeal the Inspector's decision to the Board within fifteen (15) days of notification.
