Construction Activity

**Fourth Street Bridge Repair at Paseo Del Norte
Sunday, January 23 beginning at 9:00pm**

The New Mexico Department of Transportation (NMDOT) will be repairing the concrete slabs (approaches/departures) on both side of the 4th Street bridge over Paseo del Norte. This construction activity will occur as night work from 9:00pm on Sunday to approximately 5:00am on Monday morning. Lane reductions with possible delays will occur, but 4th Street will remain open to thru traffic.

The bridge repairs will consist of the injection of high density polyurethane into the foundation soils beneath the roadway structure to compact soils, fill voids and raise the roadway structure to an acceptable grade.

The Village has been in discussion with District 3 of the the New Mexico Department of Transportaion for several months concerning these repairs. NMDOT's timely response is greatly appreciated.
