

Larry P. Abraham Agri-Nature Center Improvements

Rio Grande Blvd. Road Closure June 29-July 10, 2020

The Village of Los Ranchos has been awarded funding for utility improvements to include the installation of water, sewer, and fire suppression. A contract has been awarded to Bradbury Stamm in the amount of \$126,000.00 to complete the work by July 31, 2020. Water and sewer utility lines are located in the roadway of Rio Grande Blvd., directly in front of the driveway to the Agri-Nature Center. Construction of the utility connection on Rio Grande Blvd. will begin Monday, June 29th and will require a total road closure, with a planned detour between Rio Grande Lane and Rio Grande Place. A detailed traffic control plan will divert thru-traffic beginning at El Pueblo Road north of the project area and Griegos Road south of the project area. Business access will be maintained the duration of the closure.
