

## Larry P. Abraham Agri-Nature Center Improvements

### Sewer Line Installation

Bradbury Stamm crews continue trenching for the utility lines along the southern boundary of the Agri-Nature Center. The construction crew has installed sewer line to the first manhole location, completing the deepest section of trench work on the project. Crews will now also begin installation of water lines. Field adjustments have been made to protect the adjacent orchard. This phase of construction is anticipated to reach the point of tie in at the main building by July 20<sup>th</sup>.

A contract was awarded to Bradbury Stamm in the amount of \$126,000.00 to complete the work by July 31, 2020. Construction is proceeding with the expectation of meeting the contracted completion date.

*Pavement and striping restored on Rio Grande Blvd*

*Sewer line installation continues east toward connection to Agri-Nature Center.*
