

Dear Potential Camp Scully Staff:

Let me start by introducing myself – my name is Alex Rogers. My father and his six younger siblings attended Camp Scully during the 1960's. I also went to Camp Scully between the age of 6-14 and spent a year in the old CIT program. I have been a staff member now for 6 years.

If this is your first time thinking about dedicating your summer to Camp Scully's program let me tell you, you won't leave empty handed. Every year gives me different memories I keep and I gain friendships that last a lifetime.

Camp Scully also gives you an opportunity to give back to some of the children of this region. You will spend your time in a variety of ways, from playing sports with a rowdy bunch of 14-year-old-boys, to making beaded necklaces with 7-year-old-girls. There is no experience like the one of a summer camp.

We work with a very diverse staff at Camp, which is great fun and wonderfully challenging. Counselors come from many different parts of the world to have an American summer camp experience. It is like taking a trip around the globe seeing diverse people from exotic places such as Poland, South Africa and Scotland.

Great team work is needed for a position at this summer camp. Working day and night builds a cohesive team with the same great group of people. Working at Camp involves a rigorous schedule and you will work very hard but we have weekends off to hang with all the staff members in a well deserved day off, full of fun activities with fellow staff. Or you may choose to just relax alone and regroup for the next session of children.

When I was a camper, Camp Scully gave me positive lasting memories I will carry with me for the rest of my life. Giving memories like these to a child can serve them in a way like nothing else can. Working at Camp Scully is fun, difficult, adventurous, improvisational, and crazy. If you give this opportunity 100 percent, which I know it sounds cliché, you do make a difference. At the end of the summer as you look back at some of the crazy memories, I would be shocked if you didn't think it was all worth it.

Let the good times roll,

Alex Rogers
