Summary

The **Day Camp Release, Immunization Record and Health History** forms **must be submitted by June 9th** for all **Day Campers**. (Please note that if your child is a Day Camper who is doing the Overnight Experience you will also need to submit a current Physician's Exam.)

The **Physician's Exam, Immunization Record and Health History** forms **must be submitted by June 9th** for all **Overnight Campers, including Overnight Experience Campers**.

This **June 9th deadline** is important because it allows our Health Director the time needed to get to know the health needs of every child. The more the Health Director knows **before** camp begins, the better we can monitor the health of all campers in our care. Furthermore, **NYS Regulations and American Camp Association Standards** clearly state that we must have a **Physician's Exam** that is no more than a year old or your child will be unable to attend overnight camp.
