

Sweetwater ISD Student iPad Deposit Refund Request Form

Parents will be eligible to request the refund of their student's iPad deposit when the student is withdrawn from the school district or exits the program.

The following guidelines must be met in order for the parent to be eligible to receive their deposit:

1. All equipment (iPad, case, charging cord, AC adapter) must be returned together and in good condition. If the iPad is damaged, your deposit will be used towards the iPad's repair costs. If repair costs are greater than the deposit amount, all excess costs will be charged to the student. Unpaid charges will be notated in the students file and added to the campus fine list.
2. The student must not owe any unpaid iPad fees from previous school years. If there are outstanding charges, those costs will be deducted from the deposit before funds are mailed. Unpaid charges will be notated in the students file and added to the campus fine list.

Student's Full Name _____

Parent's Name _____

Address to Mail
