Dear Counselor:

For the young men and women who qualify, the United States service academies offer an outstanding education and an opportunity to serve our country. In order to assist those who have expressed an interest in what our service academies have to offer, I am pleased to host two Academy Day Forums this year.

The **Lubbock** forum scheduled for **Saturday, April 8**, will take place at the Science Spectrum located at 2579 South Loop 289. Enter the Science Education Center located on the south side of the Science Spectrum on 74th Street. The **Abilene** forum scheduled on **Saturday, April 22**, will be held at Cisco College, Abilene Education Center on 717 East Industrial Boulevard. Registration for both events will begin at 10 am with presentations beginning at 10:30 am.

Liaison officers from the U.S. Air Force Academy, U.S. Military Academy at West Point, U.S. Naval Academy, and the U.S. Merchant Marine Academy have been invited to speak and answer any questions regarding the academies or the application process. Participants are urged to take advantage of the opportunity to visit with academy representatives during the registration time and before the formal presentations begin.

Students at the sophomore, junior, and senior level would benefit most from this forum, but all students, including middle school students, are encouraged to attend. Parents, counselors, and teachers are also invited. The forum is a *come and stay* event (not come and go). The forum is free and open to the public.

The Academies offer an excellent educational and career opportunity for students who complete the application and nomination process. If you have any questions or need additional information, please contact Mary Whistler in my Lubbock office by emailing mary.whistler@mail.house.gov or by calling our toll free number at 888-217-0281.

Sincerely,

Jodey C. Arrington
