

Round 2

Taren Point 48 Def Sutho 16

A much improved performance in this game compared to the first game. Taren Point are a very big side and we intent on rolling through our middle, the boys showed a lot more desperation this week in defence and worked better as a team to stop their big boys.

We have to work on moving up in defence and our line speed needs to improve.

Bailey in his first full game made 1 classic one on one tackle on the right wing, Cheek to cheek as he was taught at training. Good to see he is listening.

Our attack was solid without being special, Jake controlled the first half well sharing the runs around and Jacko did a good job out of dummy half.

In the second half Jackawan out of dummy half was outstanding. He made six or seven strong runs out of dummy half making plenty of metres, his leg drive was awesome. The best half of footy I have seen him play. Last year he was more known as a defender but on this week's performance he could become an attacking weapon.

Ryan scored nearly two identical tries this week from first receiver, sweeping around their right side defence to score in the corner. If he can run like that off Jake a bit wider, he will score a lot of tries this year.

Much better this week boys see you all at training.

MOM- Jaskawan

Tackler of Week – Bailey

Tries to – Jake and Ryan x 2

Goals to –
