

Under 7 - Round 3

Score: Sutho 16 – Como 28

We played Como at home. The wet weeks of no training & playing seemed to effect the boys who were slow out of the blocks.

Como scored a couple early before Lachie found his groove & scored his first try. He went on to score 4 more and saved at least 4, in a man of the match performance that will take some beating.

This seemed to switch the boys on & they started to get into the game.

All the boys worked really hard in defence with Daniel outstanding on his side of the field, well supported by Kyron & Ry who both also made a couple of great straight runs through the middle to put us on the front foot.

Our new player Jye got involved in everything & went great for his first game for sutho.

Olli, Mitchell & Eion all tried hard & did their bit for the team.

Archie tackled & ran hard & also offloaded for a try.

Harrison played well & toughed it out when hurt towards the end of the game.

Ryno as usual played well above his weight against one of the top teams whose defence we found hard to crack (apart from Lachie).

The boys gave them a real go, well played boys.

Kyle.
