### The Park Hotel - Warrington

2/4/2013

#### Present:

Bibhas Roy, Marion Hughes, Debbie Loughhead, Amy Barratt, James Wilson.

#### Discussions and Actions

The PROMs 2.0 system was discussed there are still some outstanding tasks, from the 'top ten priorities' which have not yet been actioned. The Central team to prioritise this list to Gavin Webb. New pathway procedure forms have been re-structured, the procedure title and the date are mandatory fields to trigger the email to the patient. The new version of the system ( PROMs 2.1) was discussed and this will hopefully be ready for the Implementation group meeting on the 23<sup>rd</sup> May. The reporting aspect of the system was discussed and it was decided that the user format needs to be changed, Debbie Loughhead to action with Gavin Webb.

It was decided that two patient names were to be collected from each trust to be apart of a patient forum, Amy Barratt to action. It was mentioned that the patient should consent to this in the PROMs Introduction Questionnaire, this is to be discussed with Gavin Webb.

Long Term Conditions masterclass is scheduled for Wednesday 26<sup>th</sup> June.

Marion Hughes to assist in the development of producing a teaching/education pack on how to use the PROMs 2.0 system with Debbie Loughhead to designing a chapter for the PROMs book.

The PROMs 2.0 website was discussed. Amy Barratt to manage the blog, the new elbow arthroplasty and hip arthroscopy pathways to be added to the blog

It was decided that the Implementation group meetings are to be held quarterly and to give the trusts sites the opportunity to host in between. This will hopefully increase the attendance at the Implementation group meetings and may also develop interest in other specialities during site visits. A monthly newsletter will be sent to each Trusts with key reports on data quality, data usage and comparative data.

The next implementation meeting has been arranged for Thursday 23<sup>rd</sup> May.

The next central team meeting is Monday 13<sup>th</sup> May.
