Our staff is trained and continues to train in CPR, First Aid, and DAP (Developmentally Appropriate Practice). Lead teachers receive training in various areas by attending workshops and observing other classrooms. Staff members hold Associate and/or Bachelor Degrees bringing a wealth of experience and knowledge to their work. We are curriculum-based and believe that children learn best through active play. The teachers work hard to provide learning and play experiences for their classrooms and to create an environment in which the children learn readiness skills for Reading, Writing, and Math. We believe a healthy balance is crucial.

Please contact Carla Smith for a tour. A registration form is located on back page. We look forward to meeting you and your child!

Blessings to you and yours,
