BFA Interior Architecture + Design

Academy of Art University, San Francisco, CA 2005 - 2010

Experience

Tishman Construction _ bim mep coordinator _ New York City, NY _ 2012 - now

In this branch of AECOM I work directly on World Trade Center Retail coordinating complex MEP systems taking in consideration deadlines, site conditions as well as design changes while communicating joint interests in the multi stakeholder project. Additional responsibilities include logistics plans, 3D safety submissions and proposals for business development as well as graphics for marketing.

Gratz Industries _ designer _ Long Island City, NY _ 2010 - 2012

As in-house designer of this leading custom architectural metal fabricator I was in charge of concept design, product design, construction documentation, client consultation, vendor interaction, photography, graphic design, marketing and brand identity among other tasks.

Forrest Perkins _ Intern _ San Francisco, CA _ 2009 - 2010

As the materials librarian for this hospitality interior design firm I developed relationships with vendors and product representatives, performed administrative duties, and specification book preparation.

Admiral Green Landscaping _ assistant _ San Francisco, CA _ 2008 - 2009

Assisted landscape designer Terry Mulrooney, in client consultations, site surveys, design development, product selection, and plan illustration among other responsibilities.
