BOSTON SCULPTORS' HOLIDAY OFFERINGS TWICE AS GOOD

Boston Sculptors team up with guest artists to exhibit new work

Boston, MA – The Boston Sculptors Gallery's annual holiday exhibition is twice as good this year, as each member has invited a guest sculptor to showcase work in the show.

Each sculptor – member or guest – has created two new pieces, resulting in nearly 150 works, ranging in price from \$200-\$800. All works will be cash and carry.

“We are beyond thrilled to be hosting this show,” said Boston Sculptors Gallery Director Jean Mineo. “It gives our members’ colleagues an opportunity to show their work in one of the city’s premier gallery spaces, doubles the exhibition’s offerings, and generates a spirit of collaboration and community.”

The gallery will host an artists’ reception/brunch on New Year’s Day, featuring the live, jazzy sounds of Boston’s High Street Players.

Founded in 1992, the Boston Sculptors Gallery is an artist-run organization that presents and promotes innovative, challenging sculpture and installations. It is the only sculptors organization in the U.S. that maintains its own exhibition space.
