Boston Sculptors Gallery is excited to present Laura Evans: *Greater Than*, a solo exhibition featuring the artist's newest work. An expansive mixed media installation, *Greater Than* rambles across two walls and creeps out along the floor, energizing the gallery space. Largely composed of various types, colors and shapes of fabric, Evans' wall "drawing," also includes ribbon, wire, rubber, bubble wrap, plastic, metal, wood, sticks and clips. As the title suggests, the complex whole of these parts represents more than just simple addition. Similar to many of her previous installations and sculptural work, *Greater Than* utilizes humble materials and simple hand-built methods to create unexpected dynamic work that activates the whole gallery space. Related small sculptures will also be on view.

Laura Evans is an artist living and working in Boston, MA. Originally from Philadelphia, she holds an MFA from Boston University and a BA from Hampshire College. Her work has been shown nationally and internationally in cities including Berlin and Memmingen, Germany; Cusco, Peru; New York, Chicago, Miami and Seattle. Evans has been a member of The Boston Sculptors Gallery since 2006.

A concurrent exhibition *As Above, So Below* will feature the work of Johnathan Derry.
