	\$ 188,000		

Personal Impact Report

The Smith Foundation
 Reporting Period: Q1-2018

Grant Recipient	Personal Stories of Impact	Personal "Thank You's"
Orlando Union Rescue Mission	<p>Jesse came to OURM after realizing that his 10 year drug addiction was not only robbing him of his right mind, but of his capacity to maintain a sustainable lifestyle. He found that a relationship with Christ was the only solution powerful enough to help him overcome his addiction. Though he was assigned a different area in our Discipleship Work Program, a need for a cook arose and Jesse offered to help since he had previously worked in the food service industry. This gave Jesse an outlet to use his talents while gaining additional culinary skills. Jesse successfully completed OURM's program and currently works as a Chef in a large hotel chain.</p>	<p>We are so grateful for The Smith Foundation's generous support! By coming along side the Orlando Union Rescue Mission (OURM) as we work toward a centralized kitchen and sustainable food services, you are coming alongside the thousands of hurting and desperate men, women, and children in greater Orlando. Thank you, so very much, for joining us in the work of life transformation. We are tremendously grateful and look forward to future partnership opportunities as our food service expansions continue.</p>
Grace Medical Home	<p>Jen Radloff- Mother of 6. She had not seen a physician in 10 years. After becoming a patient of Grace, she received a mammogram and soon learned that she had breast cancer. Jen was about to get treatment (surgery and chemotherapy) through one of the local hospitals. Today Jen is healthy and cancer free. When asked how Grace changed her life, Jen responds, "Grace didn't change my life--- they saved my life."</p>	<p>Grace Medical Home is so grateful to the Smith Foundation for their partnership and support. Truly, we are humbled by their generosity. In addition to the generous financial support, we are so grateful for Smith Trustee Jackie Smith's ongoing, hands-on participation at Grace. We greatly value her friendship and thoughtfulness.</p>
Lifesong for Orphans	<p>Hi. My name is Richard. I am in grade 7. I stay with my sister, Josephine. I have three brothers and two sisters. My other sister attends Lifesong and is in grade 5. Her name is Emelia. My mother stays in a village far away. My father died in 2006. Thank you for supporting me and may God bless you and add more days to your life. My favorite subject is art.</p>	<p>THANK YOU! For generously sharing your blessings and creating SOLUTIONS with 253 orphans/vulnerable children! You are giving them something priceless: gospel-centered loving care, quality education, jobs/income earning ability for caregivers of kids, etc. Your Giving has helped fund nutritious meals that have kept dozens of children alive - we fear they would likely have died without it this year. Thank you for helping make such INCREDIBLE impact in kids' lives this past year!</p>
