

Eighth Annual
EAST TENNESSEE
Fire Rescue Conference

Saturday, October 8 & Sunday, October 9, 2016

Print this packet and mail the completed registration form and fees to us no later than September 30th.
 There will be a \$20 late registration fee after this date.

Dates: Saturday, October 8 & Sunday, October 9, 2016
Times: Saturday: Registration 7am - 7:45am Classes 8am - 5pm
 Sunday: Classes 8am - 5pm
Location: Blountville, Tennessee – Northeast State Community College
 2425 Highway 75, Blountville, TN 37617

Thank you for your support of the East Tennessee Fire Rescue Conference. Each year we try to deliver classes that will be useful to your department, and this year we've got a great line-up. Please check-out our line-up of classes for further details.

PAY CLOSE ATTENTION TO THE REGISTRATION FORM.

Students must be 18 years of age at the time of the conference to take an Academy Class. If you're taking Academy Classes (noted by their logo) it is important to make three class choices. Due to class size restrictions, students may be moved to their alternate class selection. If you're taking the Chief/Officer's Development Course, that is the only selection required. **Please note: You must sign up for this class on the TFACA website in advance of the conference.** Classes are assigned on a first-come first-served basis so please register as soon as possible. The registration fee for most classes is \$60, and includes lunch for both days. **Lunch is not included with the Chief/Officer's Development Course, because there is no charge for this class, but may be purchased on-site.**

Make checks payable to Sullivan County Fireman's Association. NO REFUNDS, though you may make student substitutions on or before class dates. Mail registration form(s) along with payment to:

**Sullivan County Fireman's Association
 P. O. Box 6062
 Kingsport, TN 37663**

We look forward to seeing you at the Eighth Annual East Tennessee Fire Rescue Conference. If you should have additional questions, please feel free to contact us by calling Ben Wexler (423) 384-5296 or Drew Deakins (423) 349-7771. Thank you for your cooperation.

Sincerely,
 Sullivan County Fireman's Association

Course Selections

01 FIRE CHIEF ORIENTATION (16 HOUR CLASS) (NO CHARGE)

A Chief/Officer Development Course - Presented by the Tennessee Fire Academy

Please note: You must sign up for this class on the TFACA website in advance of the conference. Lunch is not included with the Chief/Officer's Development Course, because there is no charge for this class, but may be purchased on-site.

CLASS DESCRIPTION

This course is designed for Fire Department Chief and Company Officers who are preparing to, or entering the upper management level of his/her department. The objective of this course is to develop the chief officer for the administrative and operational challenges of the fire service in the 21st century.

Major topics covered in the course are program orientation; ethics; establishing a partnership with the community; budgetary process, budgeting and auditing practices, budget development, and fiscal planning; managing human resources; inspections risk management and safety programs; TN legal requirements for fire departments.

02 ADVANCED VEHICLE EXTRICATION (16 HOUR CLASS) (FULL TURNOUT REQUIRED) (\$100 class fee)

This class provides classroom instruction on the latest in new car technologies and concerns followed by intense hands-on evolutions, which will include: Inverted and advanced dash displacement, patient impalement, weight loaded evolutions, advanced sidewall removal, stacked vehicles, floor pan access, clamshell and more. This class will also cover advanced stabilization using: stacked vehicles, advanced buttress systems, working with chains and straps and advanced cribbing. Participants will be challenged to stabilize a complex incident. This class picks up where many basic extrication classes leave off, providing students with a more thorough knowledge and skill base in vehicle extrication.

03 FIRE ATTACK 101 (16 HOUR CLASS) (FULL TURNOUT, SCBA & SPARE BOTTLE REQUIRED)

This class is designed for a department's "front line" firefighters who are called upon to protect his or her community. This hands-on live fire class focuses on the skills needed on a fireground, from start to finish, including: securing a water supply and hose set-up, tactics and strategies (equipment choices), PPE (gear/scba donning), cylinder swaps, scene size-up and preplan, IC overview/accountability, and interior operations (direct/indirect attack, salvage and overhaul). For firefighters interested in better honing their firefighting skills, this class is for you. (Will need copy of recent fit test.)

04 INTRO TO FIRE DEPARTMENT PUMPERS (16 HOUR CLASS) (FULL TURNOUT REQUIRED)

This course is designed to familiarize the student with the basic operation of fire department pumper apparatus. Course subject areas include types of pumps, pump operation, pump accessories, daily maintenance, and simplified fire ground hydraulic calculations. Classroom activities and practical application is included as part of the course.

05 SCBA USING IT

Knowledge and skills to safely utilize fire service self-contained breathing apparatus the need for SCBA, types of SCBA, donning, basic use, return to service, and inspection/basic maintenance.

(FULL TURNOUT REQUIRED) THIS CLASS INVOLVES EXTREME PHYSICAL ACTIVITY!

Students must bring their own personal protective equipment, SCBA and a spare SCBA bottle.

06 INTRODUCTION TO FIRE AND EMERGENCY SERVICES (16 HOUR CLASS)

The class focus is on basic safety consideration and essential information required before a member of a fire department responds to an incident and provides an understanding of the roles and responsibilities of the fire service at the basic level. The purpose of this course is to prepare entry-level fire service personnel with an understanding of the dangers associated with emergency operations and method used for scene management and safety.

Course Selections

07-1 COMBINATION CLASS ONE

 **MEDICAL MONITORING AND REHAB – SATURDAY MORNING (4 HOUR CLASS)**

This course is designed to give the participant a better understanding of rehabilitation and medical monitoring for the fire service operations. This course will overview NFPA 1584, 2015 edition, along with the NOSH reporting system.

 **THERMAL IMAGING – SATURDAY AFTERNOON (4 HOUR CLASS)**

This thermal imaging class prepares the responder to be more proficient using thermal imagers yielding safer scenes. The goal of this class is to present proven applications using thermal imagers, point out limitations of thermal imagers and help the student properly interpret what the imager is displaying.

 **EMERGENCY VEHICLE DRIVING SIMULATION – SUNDAY AFTERNOON (8 HOUR CLASS)**

Emergency response driver training simulators (ERDTS) create real-world experiences that enable drivers to hone their skills within a variety of challenging situations. Drivers can learn a wide range of tasks, from basic vehicle operations to more advanced scenario-based tactical training, for many different vehicle types. This training enables the student to experience real-world situations without the logistical, legal, and moral ramifications that would automatically be attached to a mistake made on the streets. Unlike traditional driver safety courses that emphasize skills, law, and knowledge, the simulator empowers drivers to review their attitudes and find new ways to break old habits.

08-2 COMBINATION CLASS TWO

 **HIGHWAY TRANSPORTATION EMERGENCIES (8 HOUR CLASS)**

This course is designed to be a refresher course for emergency response personnel who may be first on the scene of Highway Transportation Emergencies that involve a hazardous material. First responders are expected to recognize the presence of hazardous materials, protect themselves, secure the area, and call for properly trained personnel to mitigate the incident. First Responders are expected to be able to use the Emergency Response Guidebook to establish proper identification of the product involved by UN number or chemical name, and then determine the proper evacuation distances and initial steps to be taken by first responders.

 **FLAMMABLE GAS FIREFIGHTING TACTICS (LP GAS)
(8 HOUR CLASS) (FULL TURNOUT, SCBA & SPARE BOTTLE REQUIRED)**

This course is designed to familiarize the student with the specialized strategy and tactics required to safely handle flammable gas emergencies. Key areas of the course include flammable gas characteristics and hazards, strategy & tactics for fire and non-fire events, fire attack, and “live” firefighting scenarios.

ADDITIONAL CLASSES LISTED ON NEXT PAGE

Course Selections

Junior Firefighter/Fire Explorer Classes

(Classes are limited to 25 students)

These classes will involve classroom and physical exertion. Students must be at least 15 years of age to participate in these classes. Students must bring their own personal protective equipment.

A letter from the students sponsoring department MUST BE sent with this registration form. The letter must be on the department's letterhead and include a statement releasing the Sullivan County Fireman's Association and Northeast State Community College from any liability. The letter must include signatures from the Fire Chief, Junior Firefighter/Explorer Program Advisor and Student's Parents.

The Fire Chief or Program Advisor must call 423-384-5296 or 423-349-7771 to get a pre-approval authorization number and include the number on the registration form where marked.

09-J JUNIOR FIREFIGHTER/EXPLORERS (FULL TURNOUT REQUIRED)

This course will introduce and further the participant's knowledge, skills and abilities in firefighting and emergency operations. The methods of instruction will include classroom instruction as well as skill oriented "hands on" drill sessions. Topics covered will be PPE, hand tools, ladders, firefighter skills and techniques, hoses, fire safety, and more. There will be hands on skills such as ladders, searches in the maze trailer, fire gear drills, and more. Students need to bring full turnout gear, no air pack.

Registration Form

Fire Department Name: _____

Address: _____

City: _____ State: _____ Zip: _____ County: _____

Fire Dept Phone # _____ - _____ Fire Dept Email Address: _____

Contact Person: _____

Contact # _____ - _____ Contact Email Address: _____

IT IS IMPORTANT TO MAKE THREE CLASS CHOICES by using course identification numbers from the previous pages, **UNLESS** you are taking the Chief/Officer Development Course or a Junior Firefighting Course. If registration forms are received without four class choices for each student, the form **WILL NOT BE PROCESSED** and will be returned to the department to be completed. Registration deadline is no later than September 30th.

*Please print legibly or type information
